SKILLS

Info

I started development with console apps on C/C++. On first 2 years of the branch, I interested in hardware like Real-Time Systems and simple, daily IoT projects. Developed many projects with NFC and Bluetooth Communication.

Last 2 years, I'm very interested in Mobile and Web Development with JavaScript and it's frameworks. Developed projects mostly Pure JS or React.js, many projects on Vue.js and Angular.js.

Also, I used Python Frameworks for little projects and scripts.

Nowadays, I focused on improve my skills on React, Vue and Svelte as a Frontend Developer
